Be inspired!

At DI your goals are our goals

Welcome to DI. Formed in 1975, DI is a specialist provider of services to adults with complex physical disabilities and acquired brain injuries .

- We operate from a purpose-built centre that offers a fully accessible environment with easy access to Camberley town centre and its extensive facilities.
- We are innovative in our approach, helping individuals achieve their goals no matter how large or small. We offer a programme of activities that are specifically created to meet individual needs.
- We generate a vibrant, progressive and dynamic environment where everyone is able to thrive, aspire and release their potential.
- We are immensely proud of our volunteers, partners and associates who enhance the service DI provides.
- DI's Charity fundraising enriches its unique service.

How Do We Work

Following an initial assessment by our Occupational Therapist, an Individual Care Plan is created that details the appropriate day-to-day care, goals and choice of activities. Progress is regularly reviewed and care plans are adapted accordingly.

DI offers an ever-changing mix of over 50 activities across any one week, categories including:

- Functional Mobility
- Creative Arts
- Speech and Communication
- Social and Leisure
- Health and Wellbeing
- Personal Development
- Independent Living
- Education
- Information Technology
- Pre-Vocational Skills
- Cognitive Skills

How To Join Us

If you would like to attend DI or you know someone who would benefit from our services, simply ring us to speak to any one of our friendly members of staff.

Alternatively, visit our website to find out more about DI or send an email and we will contact you.

Daily rates are calculated on an individual basis once you have been assessed and your care plan has been agreed.
